Meanwhile Von Hindenburg mentioned as Kapp's choice for the German presidency, has eliminated himself, according to Hanover reports, asserting he disapproves of the Kapp revolution.

## KENTUCKY WOMEN TO VOTE FOR PRESIDENT

Legislature Passes Suffrage Bill and Also Acts On New License Tax For Autos

Frankfort, Ky., March 16—The House measure to give Kentucky women suffrage in presidential elections passed the Senate Monday 30 to 3 and now lacks only the signature of Governor Morrow to become a law.

In advocating passage of the measure, of which Representative Lazarus was author, Senator Brock, Senate minority leader, said there was hardly a question that the right of suffrage would be realized by women through Federal amendment, but that Kentucky should go on record as favoring it immediately.

Under the bill women in Kentucky will be able to participate in the presidential election this year regardless of whether the Federal amendment is ratified in time.

Senators Burton, Carter and Gardner voted against it.

Principal work done in the Senate Monday was:

Tonnage tax on coal defeated. Omnibus License Tax Bill, with many amendments, passed.

Measure to place 60 cents a horsepower tax on automobiles carries.

Substitutes for Lazarus Bill, for control by State Railroad Commission of telephone, telegraph, gas and express companies and steamboat lines, passed.

With a few minor amendments, the bill of Representative Roth, Louisville providing for a license tax of 60 cents a horsepower on passenger automobiles and about double the present tax on trucks, passed the Senate by a vote of 25 to 10.

Under the measure auto licenses are to be issued by County Clerks, who will receive as fees 30 cents a license. Those who voted against the bill were Senators Bright, Gardner, Hall, Harlan, Harris, Hon, Munn, Rives, Simmons and Smith.

Amendment that carries out the fee allowed County Clerks from 40 to 30 cents, eliminated that section that would have made necessary special permission before vehicles including contents, weighing more than six tons, could have used the highway, reduced the minimum age for chauffeurs from 18 to 16, and eliminated the requirement that light be kept burning on autos when parked on the highway.

The House acted on a lot of unimportant matters, but among the among the Senate bills passed were these; which now go to the governor:

Antle, authorizing consolidated school districts to issue bonds; Antle, providing for inspection of vocational schools; Bright, providing for independent consolidated and high school districts; Moss, increasing salaries of law clerks in Court of Appeals from \$100 to \$150 monthly; Antle, amending library commission law.
